

Arts in Education - Reflections Results

Sarah Hearn, Garland Council of PTAs, Arts in Education Chair

Congratulations to all the students of the 34 schools who participated in the Reflections Contest this year. We had over 480 pieces submitted on the Council level this year. Altogether, we awarded ribbons to 184 entries at the Council level. Forty-one of these progressed to the State level for judging. We anticipate having the results in March. Good luck to our Excellence winners!

The local winners were honored at a special reception on Thursday, January 6, 2011 at the Special Events Center. Lots of family members, district staff, and PTA members were on hand to applaud as they received their certificates.

Next year's theme will be: **Diversity Means...** This interesting and broad topic should provide our students with a lot of opportunities for artistic expression!

Honorable Mention
